

# MetaECHO™ 2017

Infinite Possibilities

September 13-16, 2017

Albuquerque, New Mexico

#MetaECHO2017

## **GE Pre-Conference Leadership Training Topics**

### **1. The Leader as Coach**

A distinctive approach to coaching that challenges leaders to explore 3 critical questions;

- How does a leader earn the right to coach?
- How does a leader establish authentic, development – based relationships?
- How does a leader engage in dynamic, performance- changing conversations?

### **2. Change Acceleration Process (CAP) (repeat of 2016)**

CAP provides an opportunity for individuals leading change to expand and enhance their capability to initiate, lead, and manage change using this model. The workshop features the application of tools and techniques of CAP to a real strategic change initiative. A critical outcome is the capacity for participants to apply CAP tools to their internal challenges.
