

# Opioid Addiction Treatment ECHO

## Bringing treatment to primary care

**People are Dying of Opioid Addiction.  
With Opioid Addiction Treatment ECHO,  
You Can Help!**

### What does Opioid Addiction Treatment ECHO provide?

This ECHO provides training in opioid addiction treatment at no cost, delivered right to your clinic every week. Using simple videoconferencing technology, healthcare teams connect to a community of learners which offers:

- Free continuing education credit
- Opportunity to present actual patient cases, in a de-identified format, and receive specialty input
- Addiction treatment training, including management of naloxone/ buprenorphine (e.g. Suboxone) and injectable naltrexone (e.g. Vivitrol)
- Access to a virtual learning community for access to treatment guidelines, tools, and patient resources
- Certificate of training completion from ECHO and the American Society of Addiction Medicine

**Project ECHO®** (Extension for Community Healthcare Outcomes) has been bringing addiction expertise to rural and underserved communities since 2005.

**Helping you help your community!**
