

Telementoring Antimicrobial Stewardship TeleECHO™ Clinic

Project ECHO® at the University of New Mexico Health Sciences Center
and the New Mexico Department of Health

- ◆ Participate in weekly case-based clinical discussions focused on the core elements of Antimicrobial Stewardship Programs (ASP's) including: *Identifying interventions and measurements for ASP's, antimicrobial resistance, and treatment of inpatients with antibiotic resistant organisms.*
- ◆ Create a network of colleagues across the state who are also working on ASP's.
- ◆ Improve upon how to assess your ASP and determine areas for future improvement.
- ◆ Discuss challenging program-related issues such as developing and measuring the impact of a clinical pathway or quality metrics in your ASP.
- ◆ Enhance your knowledge and understanding regarding the 2017 ASP medication management standards issued by the Joint Commission.
- ◆ Keep up-to-date on recent literature related to antimicrobial stewardship.
- ◆ **Earn no-cost CPE/CME.**

**Join Us
Every Friday**

Connect by Zoom,
Telephone, or Visit us On-
Site!

**12:00 PM to 1:00 PM
(Mountain Time)**

Who can attend?

This teleECHO clinic is intended for **HOSPITAL** staff: pharmacists, physicians, nurse practitioners, physician assistants, and other healthcare professionals with a special interest in antimicrobial stewardship.
