

Cancer Collaborative Call Connection Information — 2019

The monthly Cancer Collaborative Call is intended to discuss program challenges and solutions, as well as joint grant and research opportunities for ECHO Cancer partners (which includes hubs replicating the ECHO model in cancer, dermatology, palliative care and cancer survivorship). Partners will have the opportunity to present their ECHO as a case to the network to learn best practices. Visiting presenters will be invited to speak on varying topics related to ECHO Cancer.

For questions or to be added to the Cancer Collaborative Call list, email cancerECHO@salud.unm.edu.
